

# DARRELL GOLDMAN

In an era of ever-morphing styles and sounds across today's Country music landscape, Darrell Goldman and his Austin, TX band are making their way around Texas playing as many honky-tonks, dance halls, bars, and other venues as they can.

Always wowing the crowd and winning new fans along the way, Darrell's style of Country speaks to classic Country enthusiasts, those who embrace the newer sounds of today's evolving modern Country genre, and even those who say they never really thought they liked Country music until they heard Darrell's style of Country. His smooth, rockin', classics-in-the-making originals, have prompted fans more than once to ask of his originals, "Now who was that last song by again?" Whether it's his own version of well-known favorites, or his own thoughtful originals, there's always something for everyone.
