## Members:

Eitel Colberg – Drums  
Damien Howard – Guitar & Vox  
Michael Martinez– Keys & Vox  
Kevin K. Rowe – Bass

Founded in 2013 and incorporating elements from late-60's rock-n-roll pioneers, garage rock, and early delta blues; a selfless, collaborative writing process has afforded Coattails the opportunity to carve out a sound that's not only aggressive and uplifting, but also nocturnal and powerful. With a burning sense of purpose, the members of Coattails have made a commitment to producing the best possible representation of their musical selves. Maintaining an active concert schedule, the lads are chest-deep in the pursuit of spreading their music effectively in an ever-increasing radius of influence. Austin is home, but the road beckons, and Coattails are eager to answer the call. Following up their 2016 eponymous LP, the lads are currently putting the finishing touches on a six-song EP due out summer, 2018.
